## Experience

### EPAM Systems
TypeScript · React · Jotai

**7 months**
May – Nov 2022

Developed UI components for a UI system used in internal projects.

EPAM Systems is a B2B company that provides software development services.

### MCC Soft
TypeScript · React · Redux

**6 months**
Nov 2021 – Apr 2022

Worked on a mobile app for a portable therapy device. Added a dark theme support and reworked some screens.

MCC Soft is a small software studio. It's mostly focused on backend and mobile software

### Intetics
JavaScript · React

**7 months**
Mar – Nov 2021

Worked on the UI of an online education service called Area9 Lyceum, components and some pages

Intetics is also a B2B company that provides software development services.

### Freelance
TypeScript · Python · React

**3 years**
Apr 2018 – Mar 2021

Built many frontend and backend projects, sometimes did simple UI/UX design and other tasks

Freelance is…well, it is not a company.

## Tech Stack

### TypeScript
Webpack · Jest · SCSS

**2 years**
since Aug 2021

### React
Redux · Jotai · React Native

**2.8 years**
since Nov 2020

### JavaScript

**3 years**
since Sep 2020

### Python
FastAPI · NumPy · aiohttp

**5.5 years**
since Mar 2018

## Interests

- ✏ Graphics
- 1 2 3 Math
- Aa Languages
- 🏢 Urban planning

## Preferences

- 🖥 Remote work (relocation is discussable)
- 🕐 Flexible working hours
